RV DRIVER / UNIT MAN

TRANSPORTATION

Our RV Driver/Unit Man handles the transportation of the RV from the Crawford Filmworks studio to location. They will then stay on-site to ensure the RV is meeting your production's needs. RV expenses such as fuel, generator run time, and sewage pumping must be reimbursed by the client. Please see the next page for further details.

OPERATION

The RV Driver/Unit Man will take responsibility for all of the RV operations once it leaves our studio. This includes RV power (from generator), stocking and cleanliness of bathrooms, lighting, and general maintenance. The RV also comes equipped with backup supplies such as tableware, toiletries, etc. to ensure you'll never run out of supplies at any location - near or far.

Our Production RV and driver provides you a hassle-free infrastructure that allows the production team to work efficiently and focus on the creativity that really matters - all while providing comfort to your crew.

RV DRIVER / UNIT MAN - Employed by Crawford Filmworks Inc., client does not need to contract their own RV driver.
